

INTERACTIVE MOODLE QUIZ QUESTIONS

Question Type - Drag & Drop onto Image

1. From the Settings block, select Question Bank → Questions.
2. Choose the appropriate quiz category, then select **Create a New Question.**
3. Select the **Drag and Drop onto Image question,** then click **Next.**
4. Enter information in the “General” section. The Question Text will be your instructions to the students.
5. In the top part of the “Drop Zones” section, choose a file for the background image of your question. You can either use the “**Choose a file . . .**” button or you can drag and drop the image in the box with the blue arrow. Once uploaded, you should see the filename listed as well as your image should appear in the Preview area

6. In the section titled “Draggable Item 1,” select the **Type** as either draggable image or draggable text.
 - ✓ If you select Text, you will enter your word or phrase in the **Text box.**
 - ✓ If you select draggable image, you will select **Choose a file** and upload the image.
 - ✓ Repeat this process for “Draggable Item 2,” “Draggable Item 3,” and so on until you have all your data entered.

Draggable item 1
Type **Draggable text** ▼
Text Group **1** ▼ Infinite

Draggable item 2
Type **Draggable image** ▼

Text Group **1** ▼ Infinite

7. Scroll back up to the “Drop Zones” section. Click in the “Draggable Item” dropdown boxes and select the items you entered.

Draggable item **1. IN** ▼ Text

Draggable item **2. OH** ▼ Text

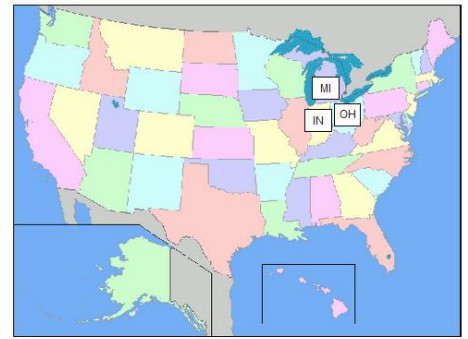

Draggable item **3. MI** ▼ Text

Draggable item ▼ Text

Draggable item ▼ Text

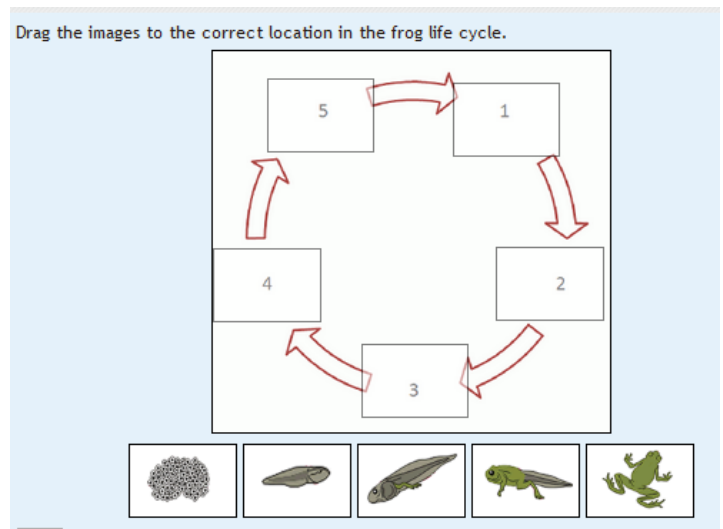

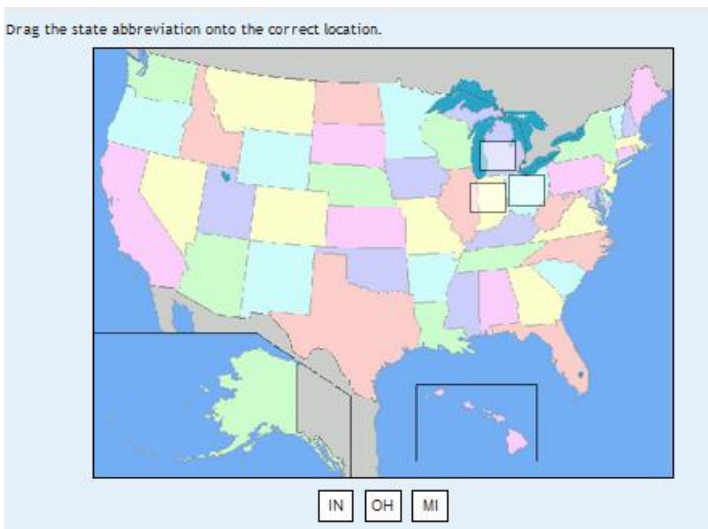

Draggable item ▼ Text

8. The last required step is to drag the items to the correct locations on the background image.
9. Once all of your draggable items are located on the background image, you will notice that the coordinates are listed in the Drop Zone section.

Drop zone 1	Left	<input type="text" value="351"/>	Top	<input type="text" value="126"/>	Draggable item	1. IN	Text	<input type="text"/>
Drop zone 2	Left	<input type="text" value="387"/>	Top	<input type="text" value="119"/>	Draggable item	2. OH	Text	<input type="text"/>
Drop zone 3	Left	<input type="text" value="360"/>	Top	<input type="text" value="87"/>	Draggable item	3. MI	Text	<input type="text"/>
Drop zone 4	Left	<input type="text"/>	Top	<input type="text"/>	Draggable item		Text	<input type="text"/>
Drop zone 5	Left	<input type="text"/>	Top	<input type="text"/>	Draggable item		Text	<input type="text"/>
Drop zone 6	Left	<input type="text"/>	Top	<input type="text"/>	Draggable item		Text	<input type="text"/>

10. Some examples of Drag and Drop onto an Image questions (as they appear to students) are shown in the examples, below.
